PROJECTS

RCFit7 | Code [<https://github.com/Nadia-Kadri/RCFit7>] App <https://rcfit7-react-app.herokuapp.com/>

Full stack React JS web application for fitness owners to create workout classes, add personal trainers, and have users sign-up for classes. Utilizes an express server and MongoDB database.

MongoScraper | Code [<https://github.com/Nadia-Kadri/MongoScraper>] App <https://bit.ly/3giHmQr>

Full stack React JS web application for users to scrape articles from The Wall Street Journal website, save articles to their account, and add notes to articles of their choice. Utilizes an express server and MongoDB database.

UnWrapped | Code [<https://github.com/sengland88/unWrapped>] App <http://bit.ly/3aqd0by>

A party planning web application that allows users to create and RSVP to parties while also keeping track of guests, gifts and if they sent a thank you note. Utilizes an express server and MySQL database.

PROFESSIONAL EXPERIENCE

Lockheed Martin

Jul 2018 - Present

Financial Analyst

Orlando, FL

- Develop and analyze Procurement EAC/BAC for Material, Labor, and Travel for quarterly CSR submittals on EV contracts valuing \$39 million and \$193 million on the IRST and F35 programs, respectively.
- Collaborate with Software Developers in creating and improving Business Intelligence reports as part of the SAP Software Convergence project. Provide support in the areas of: idea generation, testing, data validation, preparing training documents, and delivering end user training.
- Track the entire procurement process from Hardware Requirements List (HRL) setup, release of Purchase Requisitions (PRs), and placement of Purchase Orders (POs) in Procure to Pay (P2P). Monitor Goods Receipts and support Inventory Management.
- Coordinate with Production Planning & Control and Engineering to ensure accurate loading of material requirements in SAP. Work to understand changes and drive adjustments as necessary.

Osceola Regional Medical Center

Dec 2017 – Jul 2018

Scribe

Orlando, FL

- Accurately documented illness, vitals and test results as well as all elements of clinical impressions, medications, discharge instructions and follow-up care for over 30 patients a day.
- Placed call-outs to doctors from various specialties for consultation on patient's case and admission.

UCF Study Abroad

Jan 2017 – May 2018
